THE UNFORGETTABLE

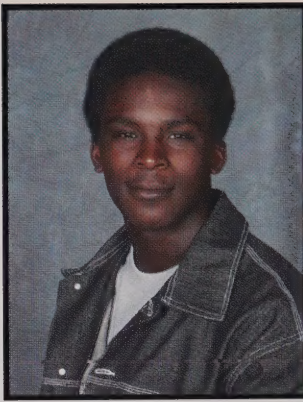

On our first day at Cathedral we entered as individuals. Now as seniors we graduate together as one. Our actions are free and full of passion. We must always remember that our passion is the key ingredient in our journeys through life. With courage and a strong sense of moral conviction, we take the next step together. Keeping in mind that first impressions aren't everything, having faith in each other, and always having faith in ourselves, we move on remembering....

Cathedral High's Teachers and Staff

A word from Mrs. Murch

Congratulations, class of 2003! You have kept your eyes on the prize. But, according to Robert Frost, "You Have miles to go before you sleep." In your life journey I pray that you believe that God is with you always. With this belief no mountain will be too difficult to climb, no waters too deep to emerge from, and no universe too vast to realize.

May God bless you with peace, joy, and the love of friends and family.

The teachers and staff at Cathedral High are hard working people. Many days the staff parking lot is full after the school day has ended. Why is this? Simple, the teachers at Cathedral are willing to go the extra mile for their students.

As you can see from these pictures we do more than just teach. The staff here at Cathedral also have a bit of fun, like at our Christmas party (ah yes good food), spirit week and the student/teacher basketball game.

Homecoming

Cathedral High Sports

A word from Mr. Roulhac

Mr. Roulhac is the Director of Athletics at CHS.

High times at Cathedral High School. It's a good thing to be an athlete at Cathedral High School these days. We have a new direction, a newly revived feeling of success and accomplishment, and new blueprints for our first gymnasium ever in the history of this institution. If they could only see us now. I'm talking about the Panthers and Chiefs of the old days. Men and women whose blood and sweat made an impact here throughout these glorious hallways. Names like James Claiborne, Larry Merrit, Paul Francisco, Michelle Edwards or Cathleen Merrit, Bernard O'Shaughnessy, Troy Greer, Andre Benson or Andreen Gilpen, Patrick Dorcena, Brian Humphrey,

Stephanie Montiero-Merrit, Bryan Lahey, Jessica Daise, Mischeline Duhart or Daisy Ortiz, Melissa Jones, Patricia Merrit-Garcia, Moses Jean-Pierre, Stanley Green, Tom Moran, John Costello, Zach Dixon, Paul Hudson, Edward Buck, Richard O'Shaughnessy, Terrance Stanton or Robert O'Shaughnessy.

Please believe me when I tell you that I could go on for days. All the above listed student-athletes proudly wore the green, gold and white for four years at Cathedral. These student-athletes have gone on to do great things in their lives and in their communities. Today we salute them and their legacy with the hope that the foundation that they have laid remains strong enough to support the athletic program for years to come.

-K. Roulhac

hard

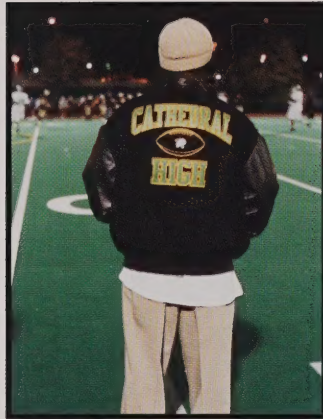

It Is All About The Game

We all want to win,
but we keep in mind
the love of the
game.

This year began with a bang. Our football team stormed out of the gate and had a wonderfully encouraging season, finishing with four wins in eleven games. Here, at the Homecoming Game, the team listens as the coach plans the second half.

Bring it, We're
Ready!

Two of the best.

This year's team at the Pep Rally.

Soccer Team

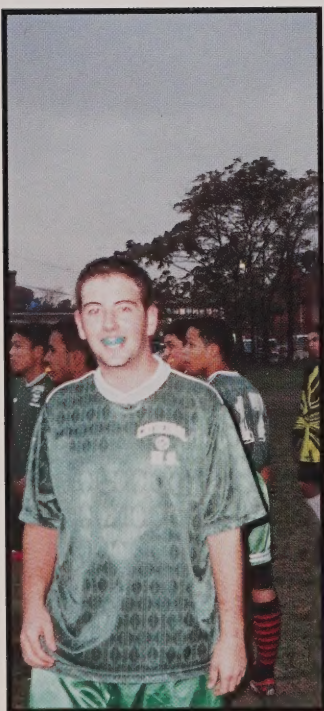

Unfortunately, the team wasn't what the senior players expected. Yet the team managed to win the last game of the season, which set the seniors off with a bang. Sophomore Raoul Romain scored the season high of four goals, followed by Chris Barbosa who managed to contribute also. The victory of the final game was a great moment for the entire team.

The game gave the players the vision of a better soccer team for the future of Cathedral High School soccer. With the strength of Raoul Romain and Chris Barbosa, there will be plenty of progress next season. Now let's not exclude our great defender Edgar Martinez who, along with the rest of the team, contributes dedication and self-improvement.

THE TEAM: Chris Fitzgerald, Fabio Marta, Steven Jordan-Smith, Jonathan Guillen, Hoi Ching, An Nguyen, David Fernandez, Brian McClain, David Nguyen, Raoul Romain, Chris Barbosa, Edgar Martinez, Claude Desinord, Carl Desinord, Eli Montero, Dao Nguyen, Jorge Catellanos

If players maintain a consistent commitment, as well as the discipline and dedication that it takes to have a team, then led by the direction of Coach Cajuste, good things can be produced.

With the leadership and seniority of captain Chris Fitzgerald, co-captains Fabio Marta and Steven Jordan-Smith, Jonathan Guillen, and Hoi Ching, the players worked hard together to improve the skills of the team. Even though the season was rough and hard, these players gave 100% of themselves at practice and games, for the benefit of their team.

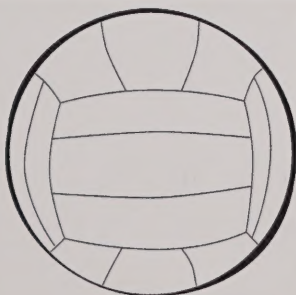

Volleyball

By Sabina Bien-Aime

Throughout my years at Cathedral, we have all had our share of fun playing on the volleyball team. As a team we tried so hard to keep the spirit going. While other people have been on the team just to be there and had no fun playing, the class of 2003 ladies put their heart in the game and loved it. Each year someone (Freshmen to Seniors) took a different role which made the team better in some way. The class of 2003 made a big difference on the team, showing up for every practice and sticking together in every game. The most important thing is that we put our all into the game. Volleyball is what started to make some of the senior girls unite and become so close. We will always remember that. Hopefully Cathedral ladies will keep the spirit in volleyball throughout the years. The team members of 2003 are Jessica, Adalis, Aja Little, Geridith, Sheilia, Carinia, Dayshel, Tasha, Tania, Shannon and Melissa. We can never forget those who didn't play this year.

Thanks to Coach Larelle Bryson

Farewells:

I don't want to name any individuals because of space. To the class of 2003, it has been a rough four years and if I had to, I will go through it again. We not only grew to be the best of friends but we grew to be a family. There have been fights and families sometimes fight. We've always stuck with each other from small arguments to family deaths. We've supported each other in every way we could and that what makes us unique. We have made a good name for ourselves and it will be valuable in our memories. Hopefully the class of 2003 will remain as bonded in the near future as we are now, united. Teachers don't get a lot of recognition, especially in this school. I want to thank all of the teachers that have struggled to make a difference in this school.
